

UJA LEADership LABS

Leadership Labs is a yearlong program for UJA Young Leaders (in their early to late 20s) focused on developing lifelong transferable leadership skills to use within UJA-Federation and beyond.

Labs participants will understand UJA's impact locally and globally, engage with like-minded peers, and learn from professionals on cutting edge issues.

The Labs experience will help rising leaders discover and pursue their philanthropic interests within UJA and the greater community.
